BURKESVILLE PUSHING TO THE FRONT.

For the last few years Burkesville has been feeling the throbbing impulse of enterprise, but only recently have the enterprising people of that town and section made their minds to get to business in that manner that awakens new life, new energy and brings development.

The Presbyterian Board has for several years struggled hard to build and maintain a school of high merit there, but has not succeeded to its expectation, and finally despairing of the school has decided to withdraw its aid. In view of this the Burkesville people have decided to unite and build a school that will doubtless do a great work for Southern Kentucky, and particularly for that city. The plans are broad and liberal and up-to-date. They will spend from \$15,000 to \$20,000 in erecting buildings which will be modern in every particular, and be in position to comfortably accommodate from 400 to 500 students with a sanitary capacity for 200. At this writing more than \$13,000 has been secured, and the subscriptions rapidly increasing. A proposition has been tendered Mr. Payne, of that city, to take the entire management of the institution, and if accepted by him, which is almost a certainty, he will devote his entire energies and ability to its welfare. His success here bespeaks much for that institution.

THE RAILROAD.

In another column we publish an article from the Danville Advocate concerning the proposed railroad through this section. The article states that Mr. M. J. Farris, who is a prominent citizen of Danville, has received a large sum of money which came from Eastern Capitalists, to be used in purchasing the remaining rights of ways, etc. No one has been in Adair county representing this proposed road, and the information in regard to its building has been taken from time to time from the upper county papers. Many believe that the road will be built; that the expenses so far have been considerable, and that there is no good reason for believing that a syndicate would spend large sums of money without expecting some returns. Our people are anxious for the road, and news favorable to its building is eagerly sought by the business men of Columbia. We trust that their hopes may be realized, and that ere long we will be able to see an announcement leaving no room for doubt.

Your attention is called to the advertisement of Royal Peacock in another column. This horse is one of the best bred in Southern Kentucky, and combines the blood of the saddle and the standard bred trotter, being large, of fine form and action. He meets the demand of most people who want an all purpose horse. He is the property of Mr. J. H. Goff who is a gentleman of the highest integrity and who believes he has one of the greatest sires of combined horses in this part of the county. Royal Peacock is not related to the family of Peacocks in this section having been sired by Thompson Bros', Peck, of Lebanon, Tenn.—a horse that proved a great winner in the rings for action speed and muddle. Read the advertisement.

GRAVEL THE SQUARE.

The Fiscal Court will be in session next month. There will be many important matters presented for its consideration.

sideration, among the number the rocking of the public square of the town of Columbia. It is to be hoped that an appropriation for this purpose will be made. The square belongs to the county, yet the municipal board, as we understand, will aid in this very necessary and important work. It has been forty-five years since the square was graveled, all over, and in that long time the gravel has worn to the dirt, and a number of washouts now appear. We trust the Court will favorably consider this proposition.

Misses Ethel and Annie Conover who have been in the West for nearly a year, writes home they are getting along nicely and are well pleased with the country. They are attending the State Normal School at Denton, Texas. They have been doing some very hard work studying for State Certificates; have been making some very fine grades. "There is no excellence without labor."

I am authorized to sell the tract of land between the Fair Grounds and Russell creek, adjoining the lands of Robert Hudson and Mrs. J. A. Johnson, containing about 20 acres with a fenced right of way 20 feet wide to the Somerset road. This is a valuable piece of land, almost within jumping distance of the court house. If you want this property you had better act at once.

C. S. Harris.

The rink continues to be a drawing card. There is no "let up" in attendance and many of the beginners are now skating gracefully. The afternoon sessions are occupied principally by the ladies and they are attending in large numbers. At the start there were a few slight accidents, but all who go upon the floor now keep their feet and skate with perfect ease.

Ed. Z. T. Williams and Rev. A. R. Kasey and J. C. Cook, pastors of three churches in Columbia, men of high Christian character and disinterested, have agreed to count the ballots in the Merit Contest April 15th and announce the result. We feel sure that the contestants will be perfectly satisfied with the selection of these gentlemen.

Mr. Solomon McFarland, who had his right eye operated on by Dr. McChord in Lebanon a couple of weeks ago is getting along nicely. The operation was highly successful and Mr. McFarland will soon be entirely well. He spent 10 days in the hospital.

ATTENTION.

In answer to some inquiries that have been made as to whether Miss Josie Graves had meningitis, I wish to say that she did not, but only had a case of grippe and was so much better Sunday that by request of her parents she left for her home. W. F. Cartwright, M.D.

L. W. T. S. NOTES.

Tyler and Chester Wright visited at the home near Springfield from Friday until Sunday.

Mont Gabhart visited at his home at Casey Creek the last of the week.

Misses Josie Taylor and Mary Cartwright and Mr. Zach Taylor visited the school last week.

Rev. A. R. Kasey, one of our teachers, is absent a few days on account of the illness of his mother.

Rev. J. A. Moorman preached at Clear Spring last Sunday.

Rev. Mont Murrell preached at Taber, last Sunday.

The C. D. S. and F. L. S. met Saturday night in regular session. The F. L. S. has just had a good supply of copies of the rules and by-laws printed and the members are proud of them.

Baseball, basket ball, tennis and "deers" are the principle games being played on the hill now.

Next Saturday, March 28, a game of baseball will be played at Lindsey-Wilson. The Russell Springs and Lindsey-Wilson teams will play the game and a very interesting time is expected. The L. W. T. S. Boys have their new uniforms and they look nice.

A few new pupils entered school this week.

Field day will be the second day of May, and a very interesting time is expected. Some of the boys are going to practice up and expect to be ready to make this the most interesting day of the kind ever held at Lindsey-Wilson.

MONEY.

Large Deposit of Coin of the Realm Sent To Danville To Defray Expenses.

BIG THING FOR DANVILLE.

The Danville, Scottsville and Columbia railroad is a certainty. During past months there seems to have existed some doubt about the building of a railroad from Danville to Scottsville, but that doubt has been dispelled among the people of this city, who are on the inside of what is actually transpiring. Max Levy, the noted Cincinnati attorney, representing a syndicate of Eastern capitalists, this week sent to Mr. M. J. Farris large sum of money to be deposited here and to be used in purchasing the rest of the right-of-way and defraying the regular expenses.

Mr. Farris says there is no doubt about the road being built, and that the night delay was caused by the money scare which has now entirely disappeared from among the moneyed men of the east. They are now willing to turn their coin loose and the road will be built as soon as things get into proper condition. President J. F. Allen and his private secretary are now in Danville and Chief Engineer Sullivan was a guest at the head offices yesterday. A number of expert engineers are working under Mr. Sullivan. Mr. Levy telephoned Mr. Farris last night that he would be in Danville within the course of a few days for the purpose of further perfecting matters relative to the building of the road. He assured Mr. Farris that the road would now be built and that all the money necessary was easily to be had—Danville Advocate.

AT THE AGE OF SEVENTY SIX.

Mr. Alexander G. McCormick, who was a pensioner of this county, aged 76 years, died at his late home, in the White Oak country, last Friday morning. He was a son-in-law of Mr. Peter Powell, and was a victim of la grippe.

A barn, the property of Mr. Luther Murray, of near Cane valley, was struck by lightning Tuesday night of last week, killing a cow and destroying a survey. The same night a barn belonging to Mr. Sam Banks was struck by lightning, killing a cow and doing some other damage.

Last Week Hon. Geo. Nell received from Mrs. Sallie Garnett, Buena Vista, Florida, a fish scale measuring 3 by 21 inches. It was taken from a fish, caught since Mr. Nell left Florida, weighing one hundred and fifty pounds. The scale is on exhibition at this office.

Prof. Jack Sanders and one of his assistant teachers, Miss Blewens, headed a delegation from Cane Valley and attended the ring last Saturday evening. Miss Blewens is a graceful calisthenic and her movements attracted the attention of the spectators.

Mr. Percy H. Johnston and Mr. R. H. Coleman, in the latter's auto, made the forty mile run from Columbia, Monday, in two hours and thirty minutes. This is a remarkable run considering the condition of the roads—Lebanon Falcon.

On next Thursday evening Hon. J. F. Montgomery, Judge W. W. Jones, Hon. Rollen Hurt, Dr. J. N. Page and J. E. Murrell, Esq., will meet you at the rink. They have ordered a late make of ball bearing skates and the public may expect to witness many fancy stunts.

The case of the Polton boys, brothers, who were tried in Clinton county for murdering an old lady for her money, both being convicted and sentenced to hang, has been reversed by the Court of Appeals.

AN OPPORTUNITY FOR PRESBYTERIANS

Since the Presbyterian Educational Board has decided to sell its school property and withdraw from Burkesville to some other point in this section, it appears to us as an opportune time for the Presbyterians of Columbia and vicinity to do great good for their school here.

If the Board would concentrate its means and energies to the M. & F. High School, that will be taken from Burkesville, in addition to its present facilities

the results would be electrifying, not only to the school, but to Columbia as well. There is no doubt that such action would result in making the M. & F. one of the best schools in the State and it can not be doubted that such an institution would be worth far more to Southern Kentucky and to the denomination than two of less force and influence. The opportunity appears to be here, the necessity is apparent.

The Presbyterians of this section ought to go after this with all their soul, mind and strength and it can not be doubted that others will join in at the proper time.

TWO CHILDREN GIVEN A HOME.

Mr. L. S. Harvin, representing the Kentucky Children's Home Society, located at Louisville Ky., was in Columbia last Saturday. While in the county he left a pair of twins, a boy and girl, twelve years of age, with Mr. and Mrs. J. D. Eubank, who reside near Purdy, and who obligate themselves to educate and rear the children in the nurture and admonition of the Lord. Mr. and Mrs. Eubank are without children of their own, and there is no doubt that the little tots that they have taken into their home will receive proper training. Mr. Harvin is engaged in a praiseworthy calling, the Society he represents is one of Kentucky's noble institutions—picking up waifs, giving them homes in excellent families.

BANKRUPT SALE.

I will on Tues. Mar 31st, 1908, at Speck Adair county Ky., beginning at 1 o'clock p. m., I will sell at public auction to the highest bidder, the entire stock of general merchandise of Ed Baldwin, consisting of a well selected and valuable stock of general merchandise suitable for the trade, store fixtures, show cases, scales etc., on a credit of 3 months bond with approved security bearing interest from all required, and privilege of paying cash. All sums of \$10 and under cash.

W. G. Clifton, trustee of Ed Baldwin.
H. S. Robinson Atty.,
Campbellville Ky.

On the third of this month in Union county, this State, Mrs. Malinda Poore, died of paralysis. Mrs. Poore was reared in this county, near Cane Valley. Her maiden name being Malinda Hancock. She had been a widow for many years and has made her home during widowhood, with her nephew, Cicero Hancock, where she died. She had reached the ripe old age of 88 years. She was a member of the Christian church, keeping the faith until the end. Mrs. Poore was a member of the Hancock family of this county, being an aunt of Judge Hancock, of Columbia, and Dr. Hancock, of Cane Valley.

The State Board of Equalization has notified Judge Junius Hancock, of this city, that after a careful examination of the assessed value of property of Adair county that no change is necessary, and the valuation stands as it was passed by our county Supervisors. This is the strongest evidence that our people not only believe in a fair assessment, but are willing to practice the same. We consider this action of the State Board of Equalization a high compliment to Adair county.

For several weeks after The News Merit Contest opened, with considerable interest at home, it was a rare thing to get votes from those who sent in remittances by mail, but for the last few days the interest seems to be broadening and a large per cent of those who are paying arrearage and renewing cast their votes for some of the young ladies in the Contest. We trust that every one who sends in by mail will vote.

Mr. Max Strull, a Hebrew, who resided at Greenwood, is in deep sympathy with Mr. F. P. Dohoney and children, who recently lost a devoted wife and mother. Mr. Strull often stopped over night with the family, receiving the kindest treatment. He was the intelligence of the death of Mrs. Dohoney with profound sorrow.

Myers & Conover Light Company are installing new lights every day, and in a short time a large number of the families in town will have been supplied. The Company requests us to place their new lights on Friday afternoon. A Bible story will be purchased in a short time, giving all the power necessary.

HEAVY DAMAGES.

Flood and Lightning Played Sad Hovoc in the Upper End of the County.

LOST SEVERAL THOUSAND DOLLARS.

Last Thursday night week the Tarter neighborhood, in the upper end of this county, was visited by the heaviest rain ever known by the oldest inhabitants. Many farmers lost their entire fencing and the ground was terribly washed. It will take the farmers many weeks to refence their lands. Mr. T. W. Wheat was one of the losers and he informs the News that it will take him, with a corps of hands, one month or six weeks to get his land in shape for farming. The fencing and drift wood lodged about McGaha and last Friday it was impossible for a person to pass through that neighborhood horse back.

The same night the residence of Sims Winfrey, at Neatburg, was struck by lightning, doing considerable damage. A barn belonging to Mr. Dock Williams was struck, burning to the ground.

MEETING OF DIRECTORS.

The directors of the Columbia Fair Association met in the News office last Wednesday afternoon and elected the following officers for this year:
Allen Walker, President.
J. H. Young, Vice President.
R. F. Paull, Treasurer.
C. S. Harris, Secretary.
Jas. Garnett, Attorney.

An attractive premium list was agreed upon, and August the 15th fixed as the beginning of a four days session.

The many friends of Mr. R. M. Cheek will be sorry to learn that he is lying at the point of death in a sanitarium at Nashville, Tenn. Mr. Cheek formerly resided at Burkesville, but he is well known in Columbia. His wife was Miss Bettie Patterson, of this place. This information comes through Mrs. Suille Miller, wife of Dr. S. P. Miller, and who is a niece of Mrs. Cheek.

THE M. & F. HIGH SCHOOL NOTES.

Mr. Robert Miller visited his mother at Crocus last Saturday and Sunday.

James and George Herfford visited their parents at Bliss from Friday till Monday.

Mrs. S. L. Kinnaird, of Red Lick, is improving.

Mr. Luther Williams, of Montpelier, spent Saturday with his daughter at Mr. W. B. Patterson's.

Miss Conover has recovered slightly, and visits the art room occasionally.

Miss Verna Hurt was a visitor Friday afternoon.

Mr. W. O. File will move to Oklahoma this week, and will take his family with him.

Mrs. Josephine Rowe and son, William Hurt, have moved to the dormitory and William Hurt has entered school.

Mr. Reed Shelton taught for Miss Reed during her short illness. Friday afternoon, Mr. Shelton superintended the drawing of some maps, and was flattered with some excellent results.

The athletic association met Thursday afternoon in the East room and after a strictly business meeting, during which reports were heard from the treasurer and committees. It was decided by vote, to do more work on the diamond, and the majority of members were on hand Saturday morning.

The Board is thinking seriously of having electric lights put in the chapel for the benefit of the pupils who have to remain after school until dark.

Mrs. J. R. Tutt, of Milltown, will be at Dr. McChord's Infirmary in Lebanon this week, for a slight operation. During Mr. and Mrs. Tutt's absence, their son, James, is at home.

Spring has brought us a wealth of decoration for our school room, in yellow butter-cups. These give as much pleasure to those who enjoy them as to those who bring and arrange them.

The routine of school work was varied this morning by a story from another engine which will be purchased in a short time, giving all the power necessary. Besides this, an interesting story was

read to the room by Edgar Reed.

Edwin Cravens was mentioned honorably in the American Literature class Friday, for a paraphrase of "Thanatopsis," which was quite well done. The members of the class have parts of the "Sketch Book" for parallel reading now.

An instructive program was carried out at the last meeting of the Beethoven club on Friday. The subject was music in music. Miss Alice Walker read a paper on Mme. Fannie Bloomfield Zeisler; Miss Francis Jones on Rev. King; Miss Elizabeth Holladay a paper on Mme. Zeisler; Prof. Ohlman treated the subject generally on "women in music." The meeting this week will be held Wednesday afternoon.

NOTICE.

To the farmers and stock raisers of Adair and adjoining counties: I am at the same old stand with three good bred of stock, one horse and two jacks.

My horse, Black Diamond, is bred right, having both size and style, good mane and fine tail. The sire, sixteen hands high, splendid action, goes all the galts from flat foot up. His colts, most all natural galts, good size and well formed. Diamond's grand sire is Onsey's High Tide, Red Squirrel on dam side and old Stonewall Denmark on sire side, combining two of Kentucky's best breeds. My jacks are purely Kentucky bred and have proven themselves good breeders. Mr. T. T. Tupman tells me he has this spring the finest mule colt he ever had foaled. Its by my smallest jack. With many thanks for past favors I hope to share a good part in the future. Yours Truly,
Solomon McFarland.

NOT HERE.

A report came here last Friday stating that the railroad surveyors had reached Summer Shade, coming from the South. We called up Mr. Jack Thompson, Edmonston, and he said that there were no surveyors in Metcalf county.

There are a number of young ladies in Columbia who are improving rapidly in skating. At present, the best is, of course, Miss Mabel Atkins is wearing the blue. Mr. John T. Harvey is the most graceful gentleman skater and Masters Leon and Alvin Lewis are the swiftest. They also move with perfect ease.

Five children of Mr. and Mrs. John Cabell, of Miami, Green county, have been afflicted with what the doctor pronounced small pox, in a light form. All have recovered but one of the boys and he is rapidly improving.

W. R. Watson and wife, of Knifley, wishes to express their heartfelt thanks to their many friends and neighbors who rendered so much valuable assistance and kindness in the sickness and death of their daughter, Pearl.

If you have not got a favorite in the Merit Contest, if you do not desire to help The News a little, after it has fought the battle for advancement of this section for 10 years, then just stand still and it will go away.

On account of bad roads, the Elrod Stave Company is receiving stave timber slowly. We understand that a great deal of material has been purchased which will be delivered as soon as hauling is good.

People should not be in too great a hurry about putting in their garden truck. There are usually frosts in April, and a very slight one would kill beans and other tender vegetables.

The final count of the ballots in the News Merit Contest will be made on Tuesday the 14th day of April at 12 o'clock noon. The names of the winners will appear in the paper dated April 15.

Mr. Robt. Conover was in Louisville last week. While there he sold 4 hds of burley tobacco at from \$10.00 to \$13.00 per cwt.

A daughter of Mr. W. W. Whitehead died last Saturday week. Mr. Whitehead resides near Tarter.

Question to Ed Woodbridge:—Have you tried the skates? "Yes, and the floor too."

Rev. J. Moorman will preach at Rocky Hill school-house the first Sunday forenoon in April.

Attention!

IN KEEPING WITH OUR ANNOUNCEMENT that on April the 1st, all subscriptions one year in arrears, would be discontinued, we employed extra help in order to get every subscriber's account into his hands in due time to comply with the new ruling. In some instances accounts are incorrect and necessitate further time, and we expect to extend it at our expense, otherwise the subscriptions will be discontinued as announced. To those who will part company from The News, by failing to settle, we desire to say: You have received the paper and it is your duty to pay for the time you received it. The fact that your paper is discontinued does not release you from your obligation to pay for what you have received, and we will expect it. No honest man can hide behind this new ruling to avoid the payment of his arrearage, and we do not believe it will be done. The fact that you have not paid does not convince us that you are dishonest, but have just neglected. We have not been diligent in presenting accounts and many have allowed their subscription to run much longer than they intended. The time for settlement has come. The day for parting is almost here—not of our choosing, but forced on us by official decree. To you whose paper will be discontinued, after April 1st, we ask that you settle arrearage and again get on our list. The News will try to do its duty and be worth its subscription price to every one of its readers.

Yours Truly, C. S. HARRIS.

INTER OCEAN AGAINST TAFT.

The Chicago Inter-Ocean, a leading Republican paper of the West, is very strong against Mr. Taft for President. It says so in plain terms as follows:

The Hon. William H. Taft is a Republican of unquestionable ability and a fine record of service in the discharge of public duty as he saw it at the time. Yet as a candidate for the Presidency, against Mr. Bryan, he would be a mistake—a deplorable and probably disastrous mistake.

President Roosevelt, by certain of his own personal policies, has alienated or estranged a good third of the republican voters. For three policies Mr. Taft stands. He has echoed and defended them in his public utterances, down to and including the last message from the White House.

Moreover, on his own record, Mr. Taft has incurred the profound distrust, if not enmity of another good third of the voters whom the Republican party must have to win. We refer to the so-called labor vote and Mr. Taft's historic feud with the labor or-

ganization.

The Inter-Ocean does not even discuss here the righteousness or unrighteousness of the acts on the part of Mr. Taft which produce these political conditions. It simply presents two indigestible political facts as they are.

On account of these facts the Inter-Ocean requests the readers of this statement to cut it out and if by any chance, Mr. Taft should be nominated, to paste it in his hat.

BEECH HARGIS CASE.

"It is the general opinion of the people in Breathitt county that Beech Hargis, who killed his father, will either be acquitted or get off with a very light sentence," said Ed L. Monroe, a Cincinnati traveling man who sells whisky in the Eastern part of Kentucky.

"I have just returned from a trip which took me to the little town of Jackson, among other places," added Mr. Monroe. "I have been traveling through that territory for a long time and I want to say that now for the first time there seems to be a spirit of rest and peace in 'Bloody Breath-

itt.'" It is the general opinion of the people that the death of Judge Hargis ended the feud which has claimed so many lives.

"Of course, it is to be regretted that Judge Hargis was killed by his own son but just the same his death has caused a cessation of the warfare which has been waged for so many years.

"It is just the sort of feeling which will cause Beech Hargis to be let down light. Another thing which will weigh with the jury will be the devotion of the mother to the son. Mrs. Hargis has announced that she will spend every dollar left her by Judge Hargis to defend Beech. No matter how wild the boy may have been, the mother love lingers and this will have more effect on the jury than money.

The money lust does not predominate in the mountains as of the more crowded marts of trade. The people are still primitive in their reasoning. So if Mrs. Hargis is willing to condone the death of her husband and defend the son the mountaineers will not oppose her will and Beech Hargis will get off light."—Cincinnati Enquirer.

MEMORIAL.

Mrs. Ida M. Kilpatrick was born Nov. 17th, 1874, died March 12th, 1908. She was the daughter of William Ellis and was married to U. H. Kilpatrick Dec. 19th, 1898. She made a profession of religion at Ebenezer church in the month of August, 1891, under the preaching of the Rev. Jesse Murrell, and joined the Methodist church in which she lived a consistent Christian.

She was a woman of strong personality and took a decided stand for religion and education, and during her long illness she continued to be cheerful and submissive to The Almighty's will. While she had a mother's desire to stay with her children, she talked freely in regard to her readiness to meet the ordeal of death, exhorting and pointing her friends and relatives to a higher life. She taught by example as well as by precept.

She breathed her last tranquilly, seeming only to fall asleep and after she had been wrapped in Death's cold embrace the light of a smile seemed to linger on her countenance and she looked

greatly glorified. She leaves a mother, husband and six children, and many friends to mourn their loss. Bereaved ones and friends, let us try to emulate her goodness and so live, that when thy summons comes to join the innumerable caravan that moves to that mysterious realm, where each shall take.

His chamber in the silent halls of death, Thou go not like the quarry slave at night, Scourged to his dungeon, but sustained and soothed, By an unfaltering trust in God.

Oiga, Ky.

NO EXTRA SESSION WANTED.

The Lexington Herald suggests that Gov. Willison call an extra session of the Legislature to deal with the lawless condition of the State and especially the Night Riders. We might as well call the night riders themselves together to deal with this problem as the Legislature. The Legislature has been in session for sixty days while the torch and dynamite were doing their deadly work and armed men were riding over the State engaged in their hellish work and not a single bill was even considered in either the Senate or the House to put a stop to it. The bill introduced to make the county where property was destroyed or citizens assaulted, liable for damages, but

it never got outside of the Committee room where it was put to sleep. The Governor in a Special Message asked an appropriation sufficient to enable him to employ detectives and that the law be amended so that the Commonwealth should investigate and try the night riders in any county but the Legislature absolutely ignored both of these suggestions, which would have put the Night Rider in the penitentiary. By no means have an extra session of the Legislature. It has demonstrated conclusively that if it is not in favor of Night Riders, it would do nothing to stop them. The Night Rider is greater than the law in Kentucky and he will be allowed to do just as he has been doing as long as public sentiment is either in sympathy with him or conceals and protects him. It is now force and not law which rules.—E. Town News.

All accounts are now due and must be settled. If you have not got the money don't wait to be called on but come in and settle.

BRYAN'S NEBRASKA PLATFORM.

A private monopoly is indefensible and intolerable. We, therefore, favor the vigorous enforcement of the criminal law, against trusts and trust magnates, and demand the enactment of such additional legislation as may be necessary to make it impossible for a private monopoly to exist in the United States. Among the additional remedies we specify three: First, a law preventing the duplication of directors among competing corporations; second, a license system which will, without abridging the right of each state to create corporations, or its right to regulate as it will foreign corporations doing business within its limits, make it necessary for a manufacturing or trading corporation engaged in interstate commerce to take out a federal license before it shall be permitted to control as much as twenty-five per cent of the product in which it deals, the license to protect the public from watered stock and to prohibit the control by such corporation of more than fifty per cent of the total amount of any product consumed in the United States; and, third, a law compelling such licensed corporations to sell to all purchasers in all parts of the country on the same terms, after making due allowance for cost of transportation.

We welcome the belated promise of tariff reform, now offered by a part of the republican party, as a tardy recognition of the righteousness of the democratic position on this question, but the people can not safely entrust the execution of this important work to a party which is so obligated to the highly protected interests that it postpones relief until after the election. And we call attention to the significant fact that the promise now made by those republicans who favor tariff revision is wholly vitiated by the use of the very qualifying words under which the present tariff inequities have grown up.

We favor an immediate revision of the tariff by the reduction of import duties. Articles entering into competition with articles controlled by trusts should be placed upon the free list; material reductions should be made in the tariff upon the necessities of life, and reductions should be made in such other schedules as may be necessary to restore the tariff to a revenue basis.

We favor an income tax as part of our revenue system, and we urge the submission of a constitutional amendment specifically authorizing congress to levy and collect a tax upon individual and corporate incomes, to the end that wealth may bear its proportionate share of our burdens of the federal government. We favor a national inheritance tax to reach the "swollen fortunes" already in existence, but we believe that it is better to permanently prevent "swollen fortunes" by abolishing the privileges and favoritism upon which they are based.

We assert the right of congress to exercise complete control over interstate commerce, and we assert the right of each state to exercise just as complete control over commerce within its

borders. We demand such an enlargement of the powers of national and state railway commissions as may be necessary to give full protection to persons and places from discrimination and extortion. We believe that both the nation and the various states, should, first, ascertain the present value of the railroads, measured by cost of reproduction; second, prohibit the issue of any more watered stock or fictitious capitalization; third, prohibit the railroads from engaging in any business which brings them into competition with their shippers; and fourth, reduce transportation rates until they reach a point where they will yield only a reasonable return on the present value of the roads-such reasonable return being defined as a return sufficient to keep the stock of the roads at par when such roads are honestly capitalized.

The injury done by issues of watered stock is more clearly seen and better understood since the shrinkage in the market value of such stock has precipitated a widespread panic and brought enormous loss to the country.

The Night Riders are still plying their nefarious trade. Their latest outrages are the destroying of forty thousand pounds of tobacco in Bracken county and shooting and whipping several negroes in Marshall county. Governor Wilson does not seem to have much better success in quelling these outlaws than did Governor Beckham.

Best Healer In The World.

Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c. At T. E. Paul's drug store.

Every well regulated family ought to be a little theater and concert room to itself. Teach your sons and daughters to sing, read, recite and declaim. After a little discipline they will make the evening the brightest part of the day.

No Use To Die.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive to-day only for that wonderful medicine. It loosens up a cough quicker than any thing else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, la-grippe, asthma, bronchitis and hoarseness, is sold under guarantee at T. E. Paul's drug store. 50c and \$1.00. Trial bottle free.

DRIVEN INSANE.

Brooding over his confinement, and possibly his wrecked life Tom Mulligan of Covington sent to the penitentiary for life for the murder of a tramp, and a policeman has become a lunatic and was adjudged insane yesterday. Newton Morical, of Bell county sent to the penitentiary for a short term on the charge of shooting and wounding his wife was also adjudged insane. Of the two men however Mulligan is far the most widely known.

He was a companion in crime with the noted convict Charles Bishop who was killed in 1900 for attempting to break out of the penitentiary, but unlike Bishop did not possess as much of the desperate courage as his companion. Mulligan and Bishop, also others, became involved in a quarrel with a one legged tramp at Latonia over a keg of beer, and in the melee the tramp was killed. Bishop was chased through the city with Mulligan, and he went through a street car shooting in every direction.

Later in the day while Bishop and Mulligan were together Bishop shot and killed a policeman, and the two men were sent to the penitentiary for life for their double crime. Mulligan is in ill health, and it is likely that he will not live very long. He is suffering from tuberculosis. The penitentiary officials say that Morical was crazy when he was sent here for the crime that he had committed. It has not been decided to which asylum the men will be sent.—State Journal.

JAREZ.

Mr. Asa Polston died Thursday the 11th inst. He was a victim of pneumonia.

Dr. Jo Scholl was in Jamestown Sunday and Monday.

The roads are in bad condition. We have lots of rain.

Amanda McQuarry, of Aris died of consumption a few days ago.

A big meeting is going on at the new sanctified church.

Miss Mattie Gadberry visited her parents at Montpelier a few days ago. Baby Scholl.

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second class mail matter.

WED., MARCH 25, 1903.

Within the past year much has been said concerning the Democratic machine both from our common political foe, and by members of the Democratic party, but since the election last Fall, reorganization has been generally conceded necessary by all interested in the welfare of the party, and at our next State Convention this will take place. At that meeting new members of all the committees will be elected, for a period of four years, and the rules made for their government will be adopted. The errors and defects in the party laws ought to be apparent and should be so amended as to eliminate or reduce, to a minimum, every incentive or opportunity for the office holding members of our party to control the action of party machinery. In other words free the committee from temptation to advance their individual interests and place every member beyond the reach of temptation, and then we can hope to have a fair, square deal and rid our party from the odium of self perpetuation and advancement in office by mere manipulation. The State Central and Executive committees exercise the coordinate branches of party government and their limitation or constitutional powers are derived through the State Convention. The Executive Committee fixes the time and manner of making nominations, while the Central Committee performs judicial functions and manages campaigns. With the entire management of nominations, determining contests and directing campaigns, the importance of making and keeping every member free from the allurements of personal political advancement is clear. Heretofore this has not been guarded, and through this defect in party law the foundation for machine methods was laid. We are not criticising the committees, nor any member of said committees, but it is natural to return good for good and evil for evil. In other words several members of the committees held good positions under Democratic officials, by appointment, and consequently were under obligations to return good when the opportunity occurred. If Democrats desire freedom from unbiased methods and a fair, square deal between every and all Democrats seeking political positions of honor and trust; if they want to rid our party of power to build a machine, then say so in your county conventions by instructing your delegates to the State convention to vote for the following to become a part of our

party law, Resolved, Whenever a member of a State, district, county or city committee shall become a candidate for, or accept any office (State, County, District or City) either elective or appointive, his position as a member of such committee, shall thereby become vacant, and some other suitable Democrat shall be elected to fill the vacancy.

The wave of sentiment that set in motion the proposed nomination of Caleb Powers for Congress, by the Republicans of this district, disappeared almost as mysteriously as it was started. That such a proposition was the mere flash light of sentiment, can not be doubted, for such action could not be defended either by party necessity nor public good. Calm judgment of the best thinking Republicans saw the end to which it would lead, and the reaction was so strong that Powers has announced his withdrawal. It is clear that party honors nor political advancement can wipe away the stain his indictment inflicts. If Mr. Powers is ever vindicated, it must come through the courts. His party can not do it. The Governor is also powerless. He may gain his freedom through Executive clemency, but he can not be restored to public confidence in any other way than by convincing proof. To our mind the Republicans who would not endorse his candidacy, have not only acted for party honor and welfare, but for the State's interest as well. The time has come when better political living is absolutely necessary if Kentucky is to regain her old time standing with the sister States. There is room, ample room for improvement by both parties, and we trust and believe that the new era is dawning.

Why is there a political machine in Louisville? Because the Democrats of Louisville do not elect the members of their county and city committee, but have them appointed by the State Central Committee. The Democrats in the country should see to it that the same party law applies to Louisville, as does to other parts of the State. When we do away with one man power, we will destroy the machine.

Gov. Willson, in his campaign speeches, denounced the Democrats for creating too many offices, but this same Mr. Willson signed the bills passed by the Legislature giving himself a stenographer, and to furnish Mr. Breathitt with four assistants—that consistency—that backing up the honest farmers who voted for him.

The same Legislature that elected W. O. Bradley, killed the bill extending the county unit law and the same body of representatives appropriated \$1,400,000 which the State hasn't got but will have to be secured by tax. Is there any consolation in these facts?

W. R. Day, who was elected Treasurer of Kentucky on the W. S. Taylor ticket, has been convicted of forgery at Hazard, Ky., and given one year in the penitentiary.

The man who voted for the Republican party, four years ago, on the grounds of prosperity, faces another proposition this year.

The public wont dance to the music of the "full dinner pail" this year—aint no dinner pail.

GRADYVILLE.

Peach trees are blooming, prospects good for a fine fruit crop, this year.

R. L. Caldwell of Milltown vicinity, was here Thursday.

Rev. J. W. Sexton is able to be on streets again.

Mrs. C. H. Yates is confined to her room.

Mrs. J. A. Diddle is teaching an interesting class in music.

Wheat and grass is looking fine in this section.

We are glad to note that the good old spring time has come.

Good meal and extra good flour is in great demand on our market at reasonable prices.

Mr. and Mrs. C. O. Moss visited relatives in the Milltown community a day or so last week.

Mrs. L. M. Wilmore was at the bedside of her aunt, Mrs. Thompson near Milltown, a day or so of last week.

J. R. Shirley one of Milltown's prosperous farmers, was in our midst one day last week looking after grass seed.

L. C. Hindman and J. T. Pendleton two of our successful farmers were on the market for a lot of young cattle.

Mr. J. A. Diddle in connection with E. V. Thompson is making some nice improvements on the farm the former purchased from Thos. Dowell.

J. P. Hutchison the well known produce man of Columbia, made our town the first of the week and was loaded with two wagons of produce.

Our farmers are making good use of their time these sunshiney days in the way of all kinds of farming.

Rev. Jo Cook of Columbia, delivered in his usual impressive way two very interesting sermons here last Saturday and Sunday.

Mr. D. C. Wheeler one of our best farmers as well as stock men was in our midst one day last week and informed your reporter he has lost several fine sheep from some disease unknown to him.

Mr. Brack Cain, one of our expert traders is almost daily seen on our streets, driving a herd of cattle purchased at the market price. Brack is certainly an up-to-date trader.

One of the most industrious men we have in our town is no less than Rev. Crouch the Methodist minister. What time he is not in his study he is repairing the parsonage which tells for itself.

Mr. John Holladay and family, who have been in Oklahoma, for the past year or so arrived in our town one day last week with a view of making this their future home. Mr. Holladay informed us while on his way home he had the pleasure of coming through Quannah Texas, and meeting with several of the Ky. people, also had the courtesy of Mr. J. J. Hunter formerly of this place driving him over his city; says, Mr. hunter is well pleased and satisfied.

The fifth Sunday services of the Baptist church will be held at Big Creek church the fifth Sunday in this month. We are expecting a large attendance

ARWED---The German Coach Horse!!

THIS HORSE, GREAT IN BREEDING, SIZE, FORM AND STRENGTH, IS the one so well adapted to meet the needs of this section. Size, form and action are the points of usefulness that every breeder should consider and in ARWED you find every desirable make-up, including style and speed. The day for mere appearance is fast passing and the worth of a horse, like that of man, will be measured by what he will do.

ARWED'S first colts are now two years old, and out of all, there is not an underling in his get. They have the finish of the fancy saddle bred, the form of a show-horse and the power of the draft. It costs no more to raise a good horse—a horse of good size—than it does to produce the underlings. Ready for market, ready for use in every emergency are the German Coach horses.

PEDIGREE: Arwed, No. 2783, sired by Achim, No. 1059, he by Achilles, No. 1313; dam, Ardo No. 1000, by Agammennon, No. 560. Arwed is a beautiful brown horse, 16 hands high and weighs 1250 pounds. He is a middle in size, action and style. You must see him to appreciate his worth. Fee, \$10.00 to insure a living colt.

Jack Chinn

Is a black jack with mealy points, not too large, neither too small, but is known to be one of the best mule jacks in the county. He will serve for \$7.00 to insure a living colt. Care will be taken to prevent accidents, but not responsible should any occur. Mares will be fed at cost and pastured at \$2.00 per month after May 1st.

This stock will be found at the stables of J. C. Browning, 6 miles west of Columbia and one mile from Milltown. Money due when colt is foaled, mare traded or removed from the neighborhood. Not responsible for accidents. For further information address

On last Monday Mr. Albert Parson our expert miller did not make his appearance in our city as usual. On his arrival he informed your reporter that he was detained on the account of a surprise anniversary of his wife,

The table was loaded with every thing that is good that goes to satisfy the taste. Mrs. Parson received many valuable and nice presents. Those in attendance at this great surprise feast were: Messrs. J. E. Dohoney and family, Lewis Compton and family, R. L. Davis and family, W.

H. Parson and family, Philip Pickett and family, Miss Mollie Caldwell, Mesdames Jennie Squires, Paulina Pickett, Montry Pickett and Mr. Roland Piles. On the night following there was an old time hop, at Mr. Lewis Compton's good music furnish by Prof. A. B. Henderson.

Fine Stock Notice

Jordan Peacock, No. 1148, A. S. H. R.

THE BEST BREEDER IN KENTUCKY

Will make the season of 1908 in Gradyville, Ky., at the low price of \$15.00 to insure a living colt 7 days old. JORDAN PEACOCK has sired more high priced colts than any Stallion in Kentucky. When you breed to him you are sure to get a colt, and a good one. His colts are always winners in fairs where ever shown. I noticed last year, at all the fairs I attended, there was a nice string of his colts and they were always winners. At Burkesville, Ky., there were 10 of his colts shown and Mr. Anderson Garrett had the winner. This colt won \$90.00 at the Burkesville fair. Mr. Garrett then sold the colt for \$100.00, and the man that bought it was offered \$200.00 for it while at the Somerset fair.

The Jordan Peacock Colt Show at the Columbia fair was the best colt show ever seen in Kentucky—30 in number, all good ones; several sold from \$100.00 to \$125 at weaning time.

JORDAN PEACOCK is known from New York to San Francisco, Chicago, and Boston City. Many of his colts have been bought and shipped to the above named cities and many other cities where fine horses are wanted. His colts are the kind that all lovers of fancy horses are looking for. To prove this, Jordan Peacock has been in Adair county for 12 years and has sired from 50 to 117 colts each yr. and to-day there is not over one dozen of his colts in Adair county that is over 3 years old. What has become of them? They have all been sold and left thousands of dollars in the farmers pockets. Don't let some one make you believe their horse is better to breed to than Jordan. If they are, why don't they have a colt show that will prove it.

Kentucky King No. 2528

Will Stand at Gradyville, at \$15 to insure a living colt 7 days old.

KENTUCKY KING is 5 years old, 16 hands high and weighs 1,200 lbs., is the best Saddle Stallion I ever backed. Last year I showed him at several fairs in Kentucky and Tennessee and at Celina he won FIRST IN THE GRAND SWEETSTAKES FOR THE BEST COMBINED STALLION, MARE, OR GELDING, and defeated some of the best in Tennessee and Kentucky. At Monticello, Wayne county, Ky., he won the Championship for the Best Saddle Stallion, Mare or Gelding with 10 entries as good ones as ever contested a show ring. Among them was Happy Bough, a horse shown by Mr. J. L. Healy, of Lincoln county. Happy Bough is one of the best saddle stallions in Kentucky and was shown all through the Blue Grass Section and Kentucky King was the first horse to beat him last season.

KENTUCKY KING has the richest blood running through his veins of any saddle stallion in this section. He was sired by Red Squirrel No. 63, he by Black Squirrel, First dam by Alexander Lexington, he by Cabell's Lexington. Second dam by Ariat No. 75.

When you breed to either of my horses you are breeding to the best in the land, and will get a colt that will sell at any age for a fancy price. If you want to raise the best bring your mares to my stock, and don't fool your time away breeding to common stock and something that is unknown.

If mares are traded or removed before the colt is 7 days old the money is then due. Pasture at 50 cts. per week or feed at cost.

Respectfully, W. L. GRADY.

Mr. W. T. Price and wife are in Louisville. Mrs. Price will assist her sister, Miss Julia Eubank in selecting a stock of millinery.

Mrs. W. F. Hancock returned from Frankfort and the Louisville market last night. She will have her millinery on display in a few days.

Mrs. Lola Lovett and her daughter, Margaret, returned a few days ago from a pleasant visit to Bowling Green, Horse Cave and Louisville.

Miss Ella Walker, who is laid up with a sprained ankle, re-sprained it last Sunday and for several hours suffered greatly. She is now getting along all right.

Mr. J. B. Coffey returned from Tennessee Monday night with his brother, Mr. R. G. Coffey, who is in a low state of health. "Bob" stood the trip reasonably well.

CLIFFSIDE, NORTH CAROLINA.

Editor News:—

To begin with, I fear the people of my native land are becoming decidedly careless in some respects.

While I shall ever cherish a tender memory of the cordial hospitality accorded me when on a visit two years ago. I don't see why in the Sam Hill I can't hear from some people there.

This is, therefore, to serve fair notice that hereafter the rule works both ways. Several asked me to contribute to the News, and from time to time I have done so. Except one letter from Dr. U. L. Taylor, one from a lady who taught me at Tabor school, when I was a "great, great, green, bashful simpleton," and another from a schoolmate in days of "Auld Lang Syne," not a line have I received.

While I am about it, allow me to say that I am not taking up my time writing for local papers any where else. I can get a check for what I write for papers in New York, Chicago, San Francisco and elsewhere, and am on correspondence staff of best daily in North Carolina.

So I am a pensioner on no man's bounty, nor is my correspondence to the News a last chance to win notoriety, nor a solitary opportunity to sustain a failing reputation nor shed glory on a dimmed escutcheon. Seriously, I love Kentucky, and cherish for Adair county an idolatrous devotion.

There I had seven year itch, stone bruises, measles, got licked at school, fought free niggers and poor white folks, as well as the best white boys; and went in swimming with Phillip Voils.

There I hunted squirrels with Stingo Gadberry, and shot at targets with Jim Bennett and Bob Morrison. There I hunted foxes; with Lucien Hurt, Tom Taylor and Sam Ike Garnett, and we made a record unbroken to this day. We hunted three years two nights of a week, and never bagged a fox.

There, my fountain of wisdom, the place from which I pumped whole hogheads of English undefiled was from Columbia Spectator. I lean that this has become a pretty good local paper, but it was launched during a financial panic, from which every thing rallied, but this hopeless journal. Generally, it was a tri-weekly, coming out one week and trying to come out the next. It had two cash subscribers, one a Republican and the other a Democrat, and both tried to control its policy. Poems and apostrophes were dedicated to the town cow, and like the town cow, there were sad-eyed, knock-kneed, pathetic of voice and sad of countenance.

If some hill billy held down a job as chambermaid of a livery stable, the public was informed that he had accepted a situation with some impressible colonel, and if some freckled damsel with a southwest slant to her nose and a wart on her chin took editor to a pillow case full of horse apples, she was proclaimed as beautiful and accomplished.

If the paper failed to come out, which it did two thirds of the time, the next copy said the edi-

tor, with a very pronounced and emphatic, "we" was sick.

I then regarded sickness of local editor as a brooding calamity, but have learned that such papers do as well with a sick editor as a well one, and much better with a dead one.

The Spectator, however, was unfortunate enough to bring me into notice. I just wrote a column giving a pretty graphic and rather a personal account of a tripple elopement.

Later, I tried to immortalize "Hollerville" and "Slungtown," and the public was so charmed with my style that I had to carry a dragon Navy, a bowie knife and a large, bay cudgel with a wart on it to insure my personal safety.

It will be remembered that I was a pupil for four years in the M. and F. High School, under principalship of Prof. H. C. Dunn, a fine teacher.

The present management will hate to learn this, but to offset my being a Jonah in this famed institution, I will state that Rollin Hurt, the peerless orator, and Ella Garnett, a local Jennie Lind, with hosts of other bright boys and pretty and gifted girls were my fellow students. I love that dear school and emotions of joy and sorrow will throng my memory when I retrospect my happy and forever gone school days.

There a slender boy who gloried in his muscle and keenness of vision,—now a man aged fifty, weighing 200 pounds, and they that look out of the window are darkened.

To my old school mates, in whatever clime or condition, I say in language of Tiny Tim: "May Heaven Bless us every one."

I am principal of school at Cliffside, and have 224 enrolled. I am supported by Miss Edna Brown and Olen Padgett, who ably assist me.

On next Saturday night we are to have an entertainment, Dr. B. F. Dixon, of Raleigh, makes the educational address. He is state auditor and a most charming public speaker. This place has a brass band of 24 pieces, costing \$675.

Last year we enrolled 157, and this, 224.

So you can see the old man is worth some two or three corpses.

Prospects flattering for a good crop of wheat.

The forty-acre swamp below here on Carbin Fork, known as Frog Heaven, appears to have a multitude of inhabitants from the noise from that quarter these warm days.

Excitement is getting high here over the finding of the third diamond in this locality. Turner, Loy & Co., who have been prospecting, found one last Thursday worth about \$200. The first one found, in 1887, by Oliver Helm, sold in Washington D. C., for \$20. It was at the St Louis world's Fair as Kentucky's bright jewel.

Royal Peacock

Best Bred Stallion in Adair County

Will make the season of 1908 at our stable in Columbia, Ky., at \$15.00 to insure a Living Colt.

Royal Peacock is a Combined Horse of Excellent Speed, both Saddle and Harness. Style cannot be surpassed. He has already proven a great sire, imparting Size, Action, and Style to his get. He was sired by Thompson Bros., noted prize winner Peacock which has taken many premiums, both model and action; winning at Nashville, Tenn., State Fair 1901 and 1902, both years, over some of the best horses in the United States and Canada, he by Edgemark, he by Sam Jones, he by Gen. George H. Thomas the great sire of trotters with four in the 2:30 class. Royal Peacock's first dam was Capt. Harper's blooded mare, by Young Clipping, son of Tom Hal 2d. Second dam, Fanny, by Thompson's Black Hawk, he by Vermont Black Hawk, he by Sherman Morgan. Third dam by Benton's Diomedes, a thoroughbred.

If you want to raise a horse with size above the average, form equal to the best and speed that leads on the road, this is the horse to patronize.

Royal Peacock is a beautiful Dark Bay, 6 years old, 16½ hands high. He was bred for a good one and was no mistake. Send me your mare and get a colt that you will be proud of. All care taken to prevent accidents, but not responsible should any occur.

EUFAULA, OKLA.

To My Old Home Friends: I got here the 4th. I have been looking over the country. It is one of the best farming localities in the State. The land is good. Farmers raise from 40 to 60 bu. of corn to the acre. Cotton, from one to two bales to the acre.

There are no wheat raised here, but large crops of oats. Farmers are plowing for corn and cotton. The fruit trees are in full bloom. The timber here is not so good as in other parts. On the creeks and rivers there are some very fine walnut.

Horses and mules are very high here. Hogs 51c; cattle, 4c.; Hay, 40c bale; corn, 50c. bushel.

There are plenty of full-blooded Indians here of the Creek tribe and they talk the Creek language. Some few of the younger ones can talk English.

They all own land, but the full-blooded can not sell for 23 years yet. The half breed can sell all but 40 acres. Land here is worth from 20 to 50 dollars per acre.

The little town of Eufaula is growing nicely. 2,000 inhabitants and trains coming and going every fifteen minutes. There are ten drygoods stores, two schools, three churches, light plant and water works. Also has three banks and three drug-stores, four hotels and three restaurants, three cotton mills, one cotton oil mill.

WITH OUR CORRESPONDENTS

Week's Happenings—News Important or Otherwise as Reported By Our Corps of Correspondents.

CAMPBELLVILLE.

An Interesting Letter, Giving the Happenings in Our Neighboring City.

FROM OUR REGULAR CORRESPONDENT.

Evangelist M. F. Ham, of Bowling Green, will begin a series of meetings in this city the first Sunday in May. All the churches will co-operate in this great meeting, and Campbellsville is expecting one of the greatest revivals in its history. It has not yet been decided whether the meeting will be held under a tent or in some large building. We have heard the canning factory spoken of as a suitable place. Arrangements are now being perfected for this great evangelist, who is at present holding a joint meeting in New Orleans, and great results have been obtained under his forceful and logical sermons. He is a great temperance worker, and has accomplished great good along this line.

Mr. J. W. Kepler's son was seriously injured Friday afternoon, at his home near Liberty church, by a runaway horse. Dr. Atkinson was hastily summoned to assist Dr. Kelsay, of Hatcher. We are unable to give the extent of the young gentleman's injuries save that given by Dr. Atkinson, who claimed that he was informed by phone that he was dangerously injured.

Mr. and Mrs. Henry Wells and Mrs. Charles McWhorter, of Springfield, have been the guests of Mrs. C. R. Hoskins for some days.

Mr. J. R. Davis is having the Campbellsville hotel repainted and papered for its gentlemanly proprietor, Mr. G. B. Hendrickson. Mr. Davis never loses an opportunity to put his shoulder to the wheel, and do all in his power to build up our thriving little city.

Mr. S. S. VanHoy, a former Campbellsville citizen, but now a resident of Shelbyville, was in our city from Wednesday until Friday. He is well-pleased with his business there, but claims a warm place in his heart for Campbellsville.

Miss Bessie Matthews visited relatives at Cane Valley from Friday until Monday.

Miss Kolroyd's music class gave a recital in the chapel of the Russell Creek Academy last Friday evening, and an immense crowd was in attendance. The exercises consisted of music and recitations, and all seemed amply repaid for going.

Last Thursday night a great fire was checked in a mysterious manner at the produce house of Durham Bros., in this city. A pine box full of saw dust, used as a cuspidor, near the stove in the office, seems to be the cause of the scare. On Friday morning when the building was opened for business, the first thing noticed was that the box had been consumed by fire and had burned a whole in the floor about two feet square, and the smoldering box fell into the basement below. Luckily for the business portion of town, the fire went out. It is supposed some one threw a lighted cigar into the box. People should be careful about sawdust for it is very treacherous, and many great

fires have no doubt been caused from this one source. We are proud to state that these hustling gentlemen were not inconvenienced in the least.

Dr. J. L. Atkinson purchased a lot last Wednesday from Mr. G. H. Gowdy, on Main Street, for \$1,200. The lot is the one opposite the handsome home of Mr. W. I. Meader, and is one of the best lots in this city. It is believed by many that Dr. Atkinson will erect a handsome hospital on his purchase, although this is only conjectured by the writer of this article. He is a thorough going business man and will be sure to make a success of it if he attempts any thing of this character. The site is most excellent for such a building, and all wish him success if such be the case.

Mr. E. H. Bryant, one of our very best citizens, has been quite ill during the past week. His large number of warm friends wish him a speedy recovery.

A few trifling negroes who owe fines of various sizes, are repairing our streets under the direct supervision of our vigilant Chief of Police, Robert Hord. This is the proper method to pursue when a negro or white man either, for that matter, disobeys the law, if they have not the funds to pay for their sport, they should be made to work out their fine to beautify the streets. Give it to 'em.

Judge J. W. Cloyd and son, Mr. Turner Cloyd, returned last Friday from a visit to Cincinnati.

Mr. Garnett Graves has under contract a neat residence on Lebanon Avenue. This section of Campbellsville is rapidly being built up, and several other fine homes will be erected there during the Summer. V.A.L.E.

MILLTOWN.

The hardest rain of the season fell on Tuesday night.

Mrs. J. W. Townsend has been on the sick list for the past few days.

Mrs. Eliza Thomas sold to Geo. Butler a stack of hay \$8.50.

Mrs. J. R. Tutt will leave for Louisville in a few days, where she expects to have an operation performed.

Two Mormon Elders preached at Pollard's Chapel several nights of last week.

J. G. Thomas sold to Mr. G. Handy 5 barrels of corn, at \$2.75.

Tom McCubins, of Greensburg, was in this community last week taking orders for picture framing. His trade is good.

John Blakeman lost a good horse last week.

Irvin and Bert Thomas were visiting the family Nat Waggener and Willie Chapman, last week.

Misses Mont and Emma Thomas entertained quite a number of friends last Saturday evening, and all present pronounce it one of the most enjoyable occasions of the season.

Mrs. Lola Bumgarner, formerly of this place, but now of Barlow, Ky., and Mr. Harry Copeland, of the above town, were quietly married at the home of the bride's sister, Mrs. C. A. Meshews on the 19th.
